HEALTH + WELLNESS
AMBULATORY SURGERY + URGENT CARE FACILITIES

A photograph of a modern building's exterior featuring a prominent, multi-layered canopy structure. The canopy is composed of numerous horizontal and diagonal beams, each painted in a different color from a rainbow spectrum, including shades of red, orange, yellow, green, and blue. The structure is set against a clear, bright blue sky. In the background, there are green trees and a portion of a brick wall. The overall scene is bright and vibrant, suggesting a sunny day.

CDH Partners is a private C-Corporation. It was founded in 1977 and incorporated in the state of Georgia in January 1993.

HISTORY AND GROWTH

CDH Partners is an award-winning, fully integrated design firm serving clients nationwide. CEO and President Melissa Cantrell and Vice President David Strickland along with Mary Lindeman, Jonathan Fallin, Carine Kroko, Danny Mackey, and Rhea Jeanne Starnes make up the firm's leadership team. Our cohesive design team includes talented architects, interior designers, and support staff who embrace a client-centered design approach.

Over the last 45 years, CDH Partners has built a practice that serves organizations that make a positive impact on society. The buildings we design foster the most fundamental human needs, including space for fellowship, faith, and support. Every employee at CDH shares a purpose-driven mentality – to build better lives through design. This creates an integrated team of architects, interior designers, and support staff who are fully invested in our clients' mission. The resulting facilities provide personalized environments that enable our clients to succeed.
